

## *Dashiell House Wedding Menus*

*Situated in the La Villita historic district, this two-story limestone house was built for Major Jeremiah Dashiell circa 1850. The Main Dining Room, located on the top floor of the house, features an 18-foot ceiling, shuttered windows, two fireplaces and original wood trim. The dining room partitions with pocket doors and seats 48 people at round tables of six and 64 guests at rectangular tables of eight.*

*To the left of the house, tropical foliage, stone walls and wrought iron fencing border the outdoor Garden Plaza. The Plaza is perfect for pre-dinner cocktails and al fresco dining for 64 guests.*

*Behind the House, the flagstone River Plaza affords a fabulous view of riverwalk activities; to the right barges cruise into view under the Hilton bridge; the stage of the outdoor Arneson River Theater and the much-photographed Rosita's Bridge can be seen from the left. Seating 80 guests, there is no other setting like the River Plaza of the Dashiell House for private outdoor dining on the river.*

*The House and grounds combine to accommodate 250 for stand-up cocktails and hors d'oeuvres.*

*The Dashiell House is available for daytime and evening events; breakfasts and brunches, meetings, luncheons, receptions and dinners.*

If this is a concern, it is possible (based on availability) to rent the stage to ensure that there is no entertainment on the stage that might conflict with an event scheduled at the House.
